*intern data collected from 68.6% (264) of the 385 graduates

Additional Information

- Graduates reported employment in 27 states and the District of Columbia, and in 3 locations outside of the United States including Canada, Hungary and South Korea.
- Graduates reported graduate/professional school in 15 states with one student studying in Leicester, England.
- While graduates secured employment in a variety of fields, healthcare, K-12 education, financial services, insurance and accounting remained key employers.
- The percentage of graduates pursuing graduate/professional school continues to wane. 16.5% of respondents were enrolled in continuing education programs. This is a decline from 17.5% last year. Graduates are delaying graduate study and remain concerned about student debt.
