

ILLINOIS WESLEYAN UNIVERSITY

BENEFITS AT A GLANCE

2024

Medical and Dental Insurance Plans

The University provides full-time employees and their dependents with medical and dental plan options. For employees hired on the first calendar day of a month, coverage will begin immediately. For employees hired after the first calendar day of a month, coverage will begin the first of the month following hire date. (IWU does not offer COBRA continuation benefits when employment ends.)

Vision Insurance

The University provides full-time employees and their dependents with an optional vision plan. In addition to an annual eye exam, coverage includes benefits for glasses (every 24 months) and lenses/contacts (every 12 months).

Flexible Spending Accounts

The University offers a flexible spending account program to allow employees to pay for eligible expenses on a before-tax basis. Employees may establish flexible spending accounts to pay for unreimbursed medical expenses and/or dependent care expenses.

Health Savings Account

The Gold medical plan option is a high-deductible health plan (HDHP). It provides employees with a health savings account (HSA). During 2020, the University will contribute \$500 into the HSA for employee-only coverage on the HDHP (\$1000 for employee-plus coverage). In addition to IWU's contribution, employees can contribute to the HSA on a before-tax basis. This account can be used to reimburse employees for out-of-pocket medical expenses.

Life Insurance Plan

Group life and accidental death and dismemberment insurance is available to all full-time employees without cost to the employee. The amount of life insurance equals 1.5 times the employee's basic annual compensation through the fiscal year in which age 65 is attained and then is reduced for employees who continue to work beyond age 65. The accidental death and dismemberment component of the coverage provides an additional death benefit equal to the group life benefit.

Short Term Disability Plan

The short-term disability program begins on the 31st day of continuous disability and provides monthly income for a period up to 22 weeks amounting to 70% of current base compensation.

Long Term Disability Plan

The long-term total disability program begins on the first day of the month after six months of continuous disability and extends to at least age 65 for sickness and accident. The amount of the benefit is 60% of an employee's monthly salary base at the time the disability occurs, ranging from a minimum of \$100/month to a maximum of \$12,000/month, less the sum of benefits from other sources.

Voluntary Accidental Death and Dismemberment Insurance

Employees are eligible to secure additional accidental death and dismemberment insurance through this group plan. An employee may enroll as an individual, or as a family with spouse and/or eligible dependents. Payment is by monthly payroll deduction.

Retirement Plan

(1) **Employee Plan**: Employees are eligible upon hire to begin voluntary contributions (pre-tax or after-tax) into a retirement account, within limits established by the Internal Revenue Service.

(2) **Employer Plan**: The University retirement program allows eligible employees to participate on a voluntary matching basis after completing two years of employment at IWU without a break in service. Eligible employees are required to participate on a noncontributory basis after completing five years of service. Contributions are applied to a retirement account owned by the participant and may be allocated into a menu of investment options. Each year of employment with an eligible institution during the period immediately preceding employment at IWU may be credited as ½ year of service for retirement plan participation purposes.
